

MEMORANDUM

TO: DEVELOPMENT COMMUNITY

VIA: CHRISTOPHER STEUBING, P.E., CFM, CITY ENGINEER *CLS*

FROM: RICHARD MANCILLA, E.I.T., CFM, ENGINEER II *RM*

DATE: OCTOBER 6, 2010

SUBJECT: DESIGN STANDARDS AMENDMENT NO. 5

Per Section 5-28 of the Development Code, the City Engineer may from time-to-time revise the Design Standards without Council action. The following amendments have been made to the City of Sugar Land's Design Standards for clarification purposes. Please share them with your peers and co-workers who may be doing work within the City of Sugar Land jurisdiction.

The construction details have been revised as follows to address conflicts with the Design Standards.

Sheet SL 13 – Numerous changes to the Standard Drop, Sanitary Sewer Service Connection, Stack Details and Notes for clarification.

Please go to the City of Sugar Land website and check the Engineering Department's page. On the left, you will see a link for Design Standards. You will be able to download all standards and details in PDF format. If you have any questions, please contact the Engineering Department at (281) 275-2780.
